# About Rooster Print & Mail

Rooster Print & Mail is a software and technology company that develops, manufactures, and supports self-service shipping kiosk solutions. The company's turnkey shipping kiosk offers major carriers for domestic and international shipping.

Rooster Print & Mail postal kiosks perfectly complement businesses looking to provide practical postal & shipping services at their locations while generating new revenue streams.

Rooster Print & Mail kiosks are ideal for coworking spaces, pack and ship centers, retail spaces, hospitality and multi-family dwellings, higher education campuses, and many more.

## Mission

To provide a convenient and smart shipping solution for customers on the go.

To enable customers to conveniently ship mail and packages domestically and internationally.

To empower customers to be in control of their mail management tasks with a shipping kiosk that they can utilize independently.

To offer customers a service that fits their shipping and budget needs by providing them with a wide variety of carrier options.
